Glass Walls – Less is More

Quality Features

- Frameless Glass System
- ½" Thick Tempered Glass
- Discreet Glass-to-glass Joint
- Minimal Framing
- Up to 10" High
- Anodized Aluminum
- Scratch Resistant Finish
- Seismic Approved
- Accelerated Tax Depreciation

Combine the simple elegance of glass with the precision of extruded aluminum. Transforming what was once hidden into an inspiration of form and function. Natural light cascades through the clear glass walls. Architectural details are accentuated. Mechanical components are beautifully concealed. Finally, a wall system that is truly alluring. Constructed of clear polycarbonate resin and has 93% transparency rate. Beautifully thin profiles and is PVC free. Glass walls that features a patented tongue & groove design that allows for dry joint assembly. These glass walls will not discolor and can be specified with I, L, T and 45° joints, providing maximum flexibility and efficiency for your space plan.
